

Malaysian Airlines 17: IFPMA offers condolences and extends profound sympathy to HIV community - 18 July 2014

IFPMA is profoundly saddened at the news of the Malaysian Airlines crash. We extend our condolences to the families of those who lost their lives. We join the global health community in mourning the loss of scientists, researchers, health officials and campaigners and extend our deepest sympathy to all those colleagues, friends and fellow members of the AIDS community who are affected by this tragic event.
