SNAPSHOT OF IFPMA PARTNERSHIPS IN AFRICA

REGULATORY

STRENGTHENING REGULATORY SYSTEMS
The Africa Regulatory Network (ARN)
IFPMA's Africa Regulatory Network partners with African Medicines Regulatory Harmonization (AMRH), regulatory authorities and relevant stakeholders to encourage greater harmonization and convergence of regulatory requirements.

GLOBAL HEALTH

ACCESS ACCELERATED
Moving NCD Care Forward
The collaboration between 24 biopharmaceutical companies advances access to NCD prevention and care in low- and lower-middle income countries.

FIGHT THE FAKES
Bringing together over 35 partners, the campaign raises awareness about public health threats posed by falsified medicines and gives a voice to personally affected individuals.

EARLY DIAGNOSIS OF CERVICAL CANCER IN AFRICA
IFPMA and WHO-AFRO cooperated to improve prevention, screening, and treatment of breast & cervical cancers through the AFRO Comprehensive Cervical Cancer Initiative.

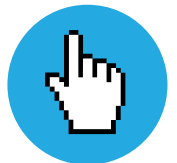

IAEA
International Atomic Energy Agency
IFPMA & the International Atomic Energy Agency (IAEA) joined forces to make a difference in comprehensive cancer control through their Programme of Action for Cancer Therapy (PACT). The two organisations also collaborate on training and education of the health workforce.

ETHICS

KAPI
KENYA ASSOCIATION OF PHARMACEUTICAL INDUSTRY
IFPMA provides expert guidance to support the creation of a new industry Code of Conduct in Kenya and the promotion of ethical practices.
